

Business Brokerage Services

Let Us Help You Sell Your Michigan Business!

There are many decisions to make when it comes time to sell the business you have built. When that time comes, trust the Michigan Chamber of Commerce to help. Through our partnership with *Praxis Business Brokers*, we can guide you through a step-by-step process of the complexities, all while maintaining complete confidentiality. And, unlike many other business brokerage arrangements, there are no upfront fees. Our partner gets paid when you do, at the closing. And the fees are reasonable.

We can help you with:

- Valuing your business
- Locating qualified buyers
- Listing your business
- Negotiating a deal that works for both buyer and seller
- Acquiring financing and negotiating attractive terms
- Facilitating due diligence
- Getting you the highest price possible for your business

What's Next?

Every type of business, from manufacturing to distribution to services, from main street to the industrial park, are serviced through our broker partner. And due to a very active marketplace, Chamber members are getting top dollar on these transactions.

So if you are ready to move on to the next opportunity in your life or just want to start preparing for the day when you are, give us a call. We will set up a completely confidential, no-charge, no obligation, one-on-one meeting with an experienced, Michigan-based broker representative to outline the process and get things started.
