Let the Michigan Chamber help with our risk-free billing analysis. Our findings often lead to significant financial recovery on past overcharges, as well as monthly savings opportunities going forward.

No upfront fees...

Income is based on refunds, credits and/or savings you receive.

No obligation

None of our findings are mandated, so you tell us what to activate.

4 out of 5 businesses are over-billed by utility companies every year.

93% of our customers save money, on average.

Ideal for organizations with an annual utility spend of

\$125,000 or more.
